Dear Tom,

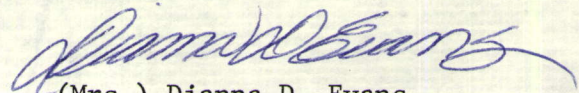

RE: John mine DOE/019/010

Please let this letter serve as notification to you that MRC has abandoned its operation at the above referenced mine site. Since this mine was operated under exemption according to the State of Utah rules and regulations regarding reclamation, the portal was permanently sealed and the area immediately surrounding the portal was dozed to a rounded state.

Since the vegetation in this area is sparse to none, no seed was broadcast, as soon the tumbleweeds and native grasses will germinate themselves.

I believe this is all the information you need to clear your file on this project. If you need further information, please advise.

Sincerely yours,  
MINERALS RECOVERY CORPORATION

Assistant Vice President
